BULK PURE SOLUBLE COFFEE — B2B PRODUCT OVERVIEW (HS 2101.11)

Three pure Vietnamese instant coffee series engineered for 3-in-1 premix blenders, private-label jar & stick packagers, bakery manufacturers, and RTD beverage lines.

01 · PVN-SD SERIES
Spray-Dried Powder

02 · PVN-AG SERIES
Agglomerated Granules

03 · PVN-FD SERIES
Freeze-Dried Granules

Parameter Typical Range	**PVN-SD Series** Spray-Dried Powder	**PVN-AG Series** Agglomerated Granules	**PVN-FD Series** Freeze-Dried Granules
Appearance	Fine homogeneous powder, rich brown	Dark porous clustered granules	Granular form (faceted crystals)
Composition	100% Vietnamese Robusta / Blend	100% pure Vietnamese coffee extract	100% pure coffee, vacuum freeze-dried
Moisture & Caffeine	≤ 5.0% · ≥ 2.0% (dry basis)	≤ 5.0% · ≥ 2.0% (dry basis)	≤ 5.0% · ≥ 2.0% (dry basis)
Density & Key Trait	200–290 g/L · Uniform dry blending	Low dust, rapid water dispersion	220–320 g/L · High aroma retention
Target Applications	3-in-1 premix, bakery, RTD beverages	Private-label jars, black coffee sticks	Premium jars, functional & cold coffee

** Baseline pure soluble coffee limits (ISO 20481 / TCVN 12459:2018); high-caffeine Robusta grades and lot-specific CoAs are confirmed during RFQ.*

BULK PACKAGING, QUALITY ASSURANCE & EXPORT DISPATCH

- **Export-Standard Packaging:** 10 kg bags or 20–25 kg corrugated cartons lined with dual food-grade PE moisture-barrier bags; 18–24 months shelf life in cool, dry storage.
- **Quality & Lot Compliance:** Produced at industrial extraction facilities in Vietnam; grade-applicable plant certifications (ISO 22000, HACCP, HALAL, BRC, FDA registration per destination market) and lot-specific CoA are provided during RFQ qualification.
- **Flexible B2B Supply:** Coordinated via Hai Phong and Ho Chi Minh City hubs; supporting R&D samples (50–200 g), trial pallets (50–200 kg), LCL, and FCL shipments with full export documentation (C/O Form D, E, RCEP, EUR.1, B, Phytosanitary & Health Certificate).
